Science in Computer Science

## INTERNSHIP EXPERIENCE

**Frappe/ERPNext Developer**  
**LucrumX | Lahore, Pakistan**

**(June 2025 – 2026)**

- Developed and customized ERPNext solutions using **Python**, **JavaScript**, **Jinja**, **HTML**, **CSS**, and the **Frappe Framework** to meet business requirements.
- Designed and implemented professional custom print formats for invoices, vouchers, purchase documents, stock transactions, and other ERPNext modules with dynamic layouts, conditional logic, and automated calculations.
- Customized standard ERPNext Doctypes including Sales Order, Delivery Note, Sales Invoice, Purchase Order, and Purchase Invoice by developing custom fields, validations, workflows, and business logic.
- Built scalable and maintainable ERPNext applications using **Python**, **JavaScript**, **HTML**, **CSS**, and **Jinja**, ensuring high performance and clean code practices.
- Worked closely with functional requirements to improve workflow automation, document accuracy, and overall business process efficiency.
- Utilized Git/GitHub for version control and collaborated on ERPNext development following industry best practices.
